The president thanked all the members for their concerted efforts and dedication. She encouraged everyone to continue their hard work in the New Year, not forgetting the beginning of their minds and tearing forward to work together; to make the "our association" like a "home" for caring the middle-aged and old people of all ethnic groups. We will better our contribution to the multi-cultural community. She also summed up the development and growth of the Association, the current membership has reached more than 1,100 people, and has 13 art groups. Friendship is like a big family, attracting many middle-aged and old people, added colour and interest to their life. More and more trust and love for elderly.
